**NEW ENGLAND WATER ENVIRONMENT ASSOCIATION
FY 2019 STUDENT SCHOLARSHIP
GUIDELINES**

1. Two \$1,200 awards will be made available to qualifying Undergraduate or Graduate (environmental related major) applicants. The scholarship winners will be honored at the awards banquet held during the NEWEA January 2019 Annual Conference in Boston, MA.
 - a) Undergraduate Applicants must be enrolled on a full-time basis in an approved program leading to a bachelor's degree in the field of civil/environmental engineering or related sciences.
 - b) Graduate Applicants may be enrolled on either a full-time or part-time basis in an approved program leading to a master's degree, or a doctoral degree in the field of civil/environmental engineering or related sciences.
 - c) Undergraduate and Graduate Applicants must be entering at least their second-year of full-time college studies as of September 2018. Applicants who are concluding their studies in the 2018-2019 academic year (including Summer 2019) are also eligible to apply.
 - d) The program of study must be approved by the NEWEA Scholarship Committee and it must be directly related to the water environment. The program must be at a college or university in one of the six New England states, and pertaining to one of the following fields of study: *Environmental Engineering; Environmental Science; Environmental Chemistry; Water Resources Management; Environmental Biology; Civil Engineering in a program with a documented emphasis on Environmental Engineering or Water Resources Management; and similarly, named or focused programs.*
 - e) The Applicant must be a current student member of NEWEA or an affiliate member of one of the recognized New England Affiliated State Associations (ASAs).

The awards are based on understanding of the essay, written communication skills, demonstrated interest and participation in activities pertaining to environmental protection, extracurricular activities, and academic performance. NEWEA's objective is to encourage and provide incentives for capable and motivated individuals to continue their studies in the advancement of their water environment protection skills, and to enhance and promote the quality of their performance as environmental professionals.

2. The information required of the applicant includes the following:
 - a) Completed application form
 - b) Proof of enrollment in an eligible program and GPA. An official letter from the program director including the name of the program and current GPA or a copy of a current official transcript which includes the current GPA are the only means considered acceptable.
