Living Conditions

The Need for Clean Water

Klinik Fonfred

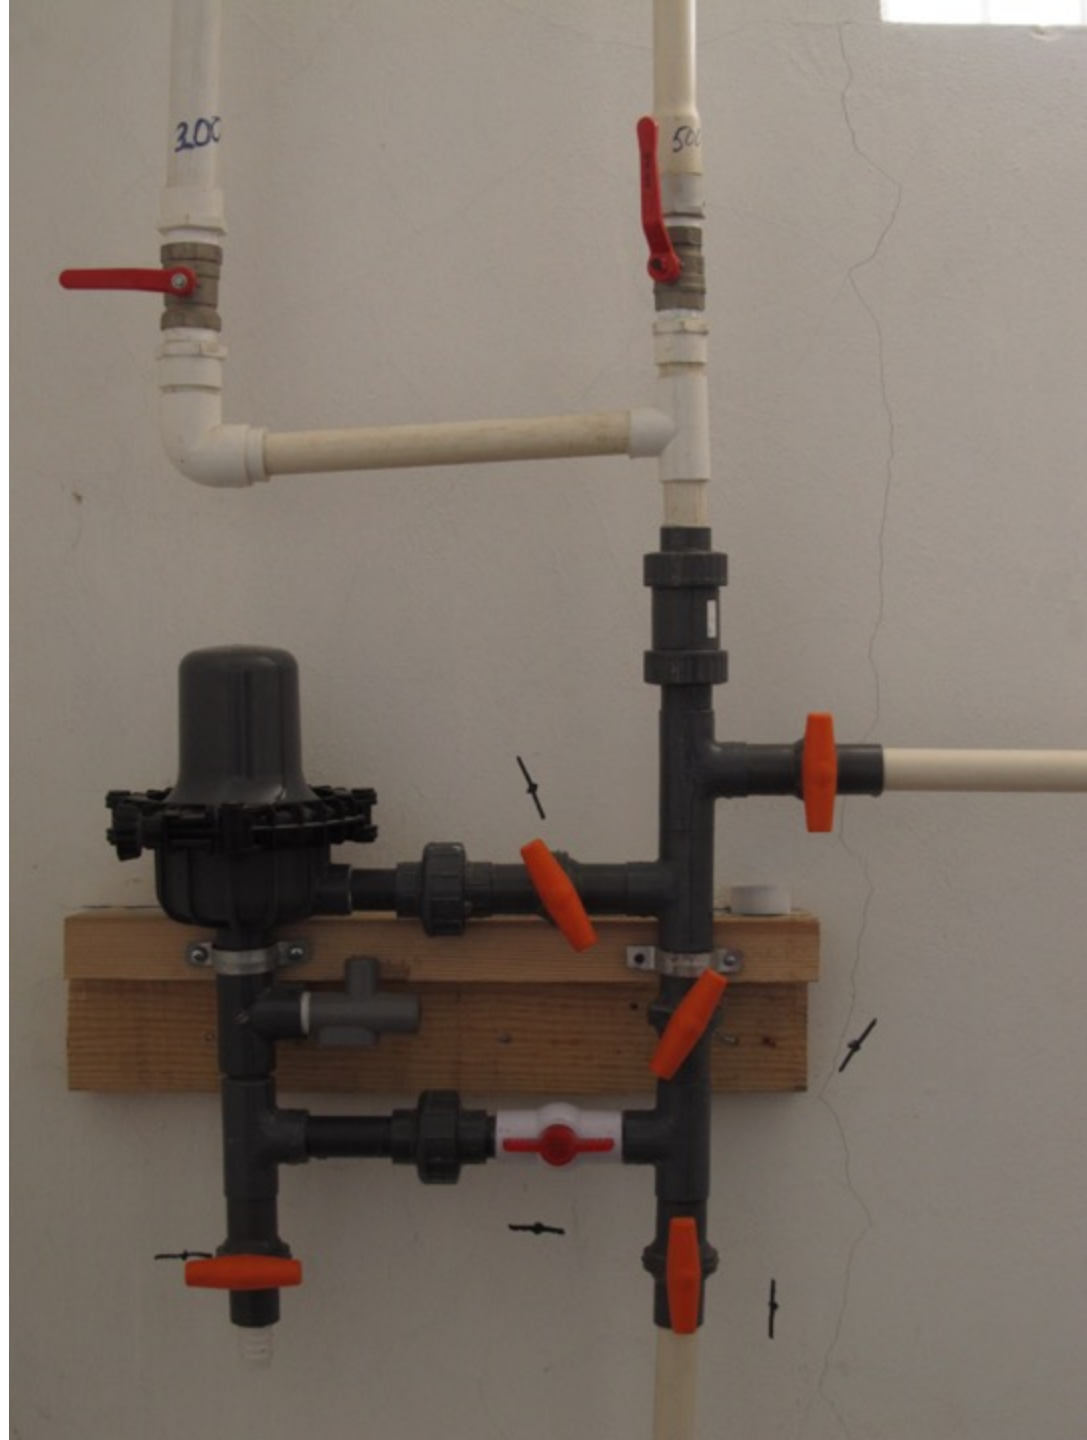

10
85

Fully opened in 2015

3500 square feet

Serves a population of 15,000

Operated by Haitian staff

Open 6 days per week, 30-40 patients per day

Provides digital x-rays and lab services

Small fee charged, but no one is turned away

Where to from here?

FIH and GCF are in the planning stages of adding a 7500 square foot surgical suite.

Installing a pressurized internal water system similar to what we have in our homes. This will be for the existing clinic and for the proposed addition.

RESTROOM

The Loftus Guide to Voluntarism: lessons learned
from the field.

Work with a group that fulfills a need of the
community. It's what the community wants, not
what you want to give them.

Provide multiple skill sets in areas that the
community doesn't have.

Be Committed!
