Asset Management Grants Awarded

TOTAL = \$1,089,310

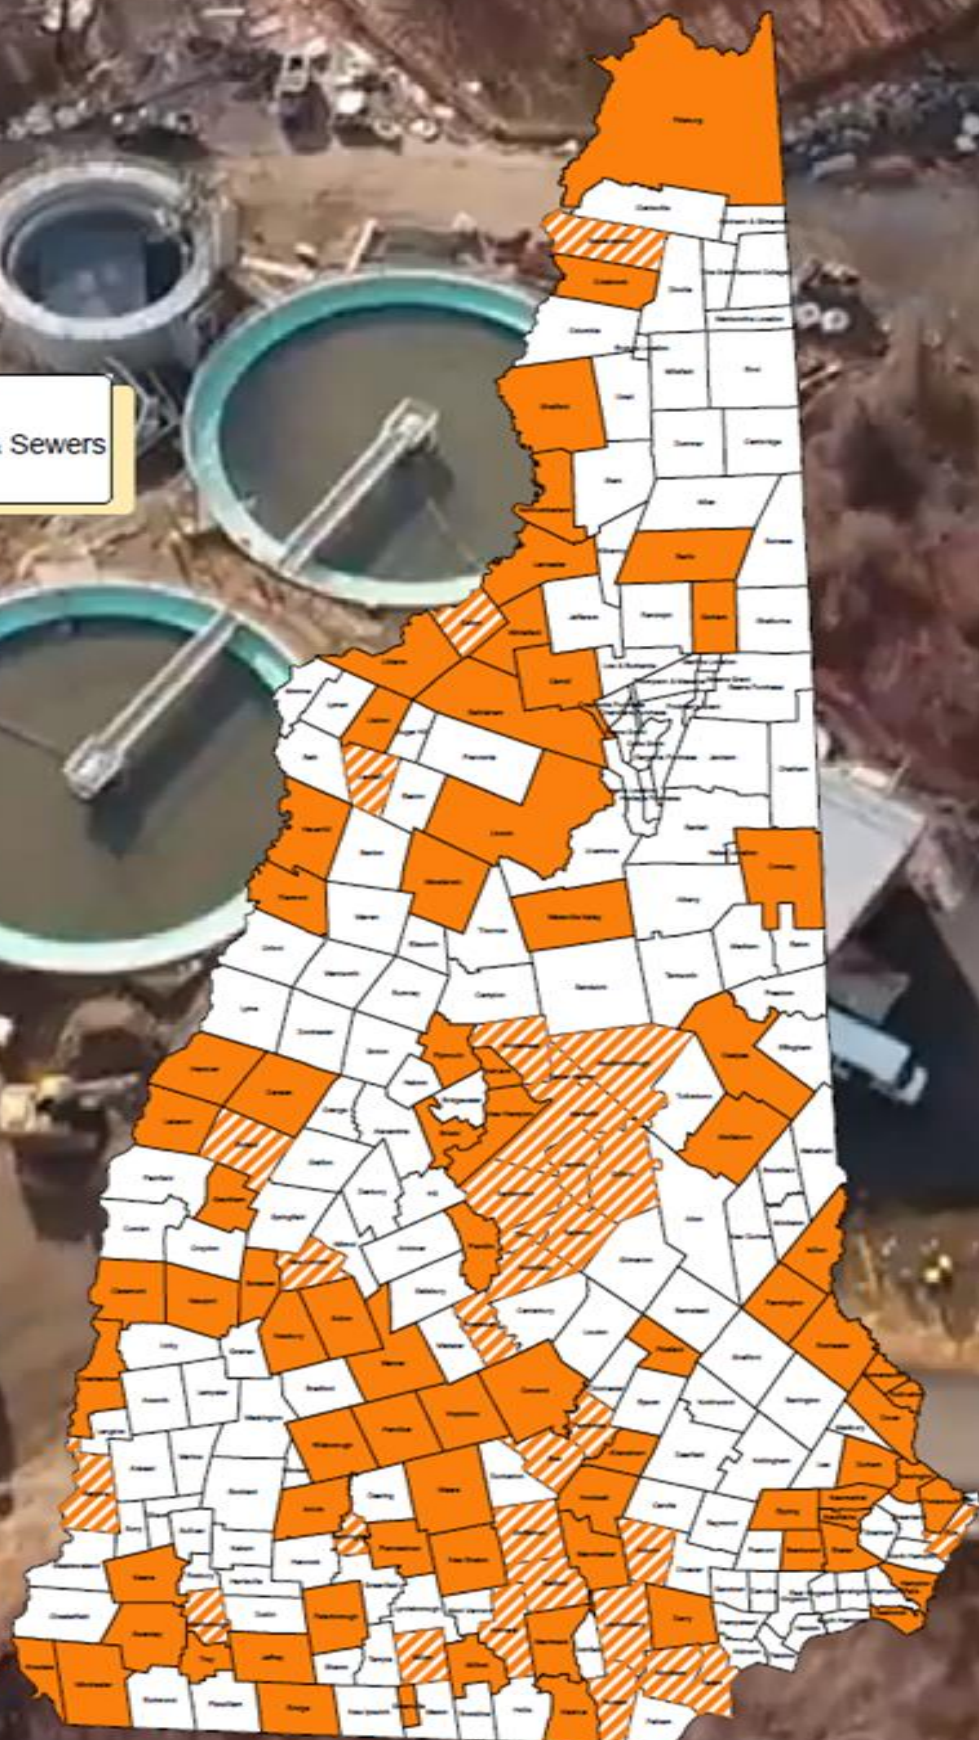

NH'S WASTEWATER INFRASTRUCTURE

LEGEND

- WW Treatment & Sewers
- Sewers Only

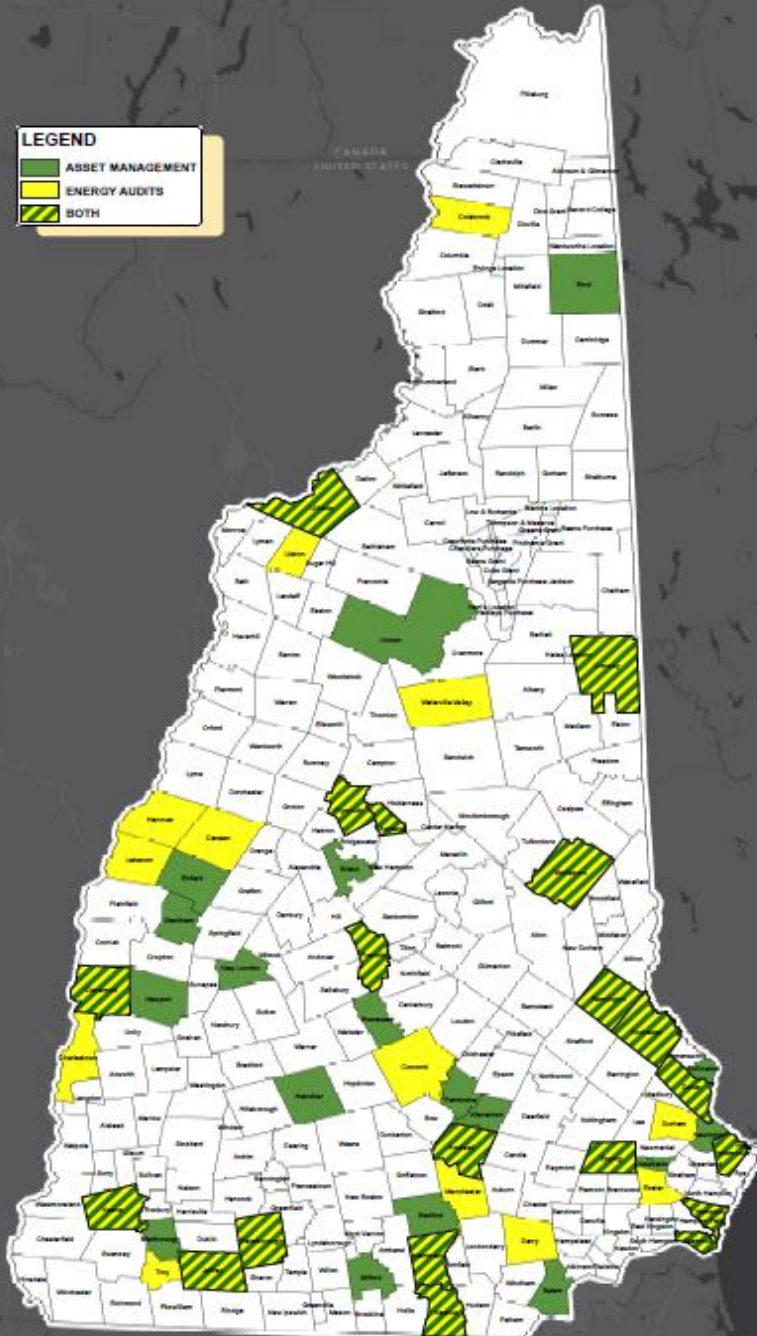

WASTEWATER ENGINEERING BUREAU EFFORTS TO IMPROVE THE SUSTAINABILITY OF NH'S WASTEWATER INFRASTRUCTURE

LEGEND

- ASSET MANAGEMENT
- ENERGY AUDITS
- BOTH

Asset Management Funding

- Each community with wastewater infrastructure qualifies for up to 5 phases of asset management principal forgiveness, depending on the size and complexity of their system.
- Each phase is eligible for up to \$30,000
- Each community can ALSO get up to \$30,000 to include their stormwater assets into an AMP

Asset Management Program Development CWSRF Funding for Wastewater and Stormwater

\$2.12M

in CWSRF loan principal forgiveness
pledged to 46 communities (so far)

Current Status:

4 projects completed

18 projects partially complete

24 projects in initial planning stages

Energy Audit Funding

- Through the CWSRF program, communities with wastewater infrastructure can qualify for up to \$20,000 in principal forgiveness for a comprehensive energy audit. These audits may include the WWTF, pumping stations or both.
- Mark Toussaint and Sharon Nall will explain the other sources of CEA funding that are currently being used in NH

Comprehensive Energy Audit Funding Sources

32 Comprehensive Energy
Audits
funded at a cost of
\$335,100
