& WORKSHOP  
SERIES

Virtual • Thursday, June 24, 2021 • 11:30 AM – 2:45 PM

## The Laboratory Practices Committee

will be hosting a virtual Specialty Conference on Thursday, June 24, 2021 focusing on Wastewater Sampling. Guest speakers will discuss new innovations in sampling equipment and instrumentation. There will be presentations regarding sample preservation, holding times, and chain-of-custody forms. The event will also feature two state regulators' perspectives on best practices and requirements for compliance sample collection and handling.

Join us on June 24th to learn the most current information on wastewater sampling collection for the water quality industry.
