The Yankee On-site Wastewater Association (YOWA) is pleased to present its second educational webinar on Thursday, August 5th (11:00AM-1:00PM) in collaboration with the Massachusetts Alternative Septic System Training Center (MASSTC) on Innovative and Alternative System Troubleshooting. This webinar will feature George Heufelder and Emily Michele Olmstead, MASSTC presenting “Troubleshooting and Recommendations for I/A Septic System Performance”. George will then lead a live panel discussion with I/A system operators during which our audience may ask questions. Mark Cottrell, Clear Water Industries; Joe Smith, NSU Water; and Joe Martins, Accu Sepcheck will be available to answer your I/A O&M and troubleshooting questions.

Two (2.0) TCHs will be available upon completion of a follow-up evaluation questionnaire. TCHs are available for MA soil evaluators, MA system inspectors, engineers, sanitarians, and health officials.
