## Investment in Water Infrastructure

In 2017, the federal government provided just **four percent** of capital investment in water and wastewater infrastructure, down from **31 percent** in 1977.

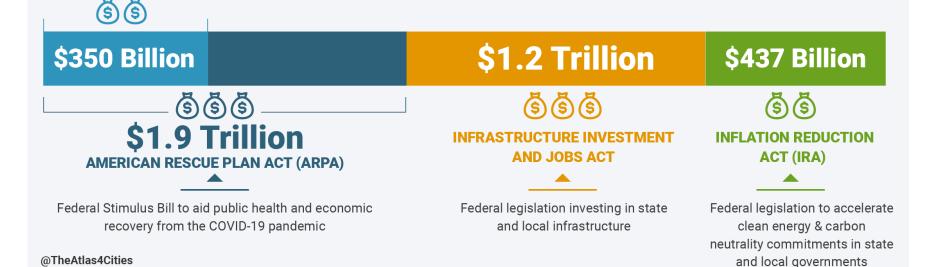

## Persistent Disparities in Access to Safe, Clean Water

In communities with higher populations of black and Hispanic individuals, SDWA health violations are more common…it is in the poorest of communities that race and ethnicity seem to matter most in determining drinking water quality

## Historic Federal Infrastructure Investment

#### **Federal Infrastructure Funding for State & Local Goverments** Signed in 2021 - 2022

CORONA VIRUS STATE AND LOCALAdditional emergency ARPA funding for state,FISCAL RECOVERY FUNDSlocal, territorial and tribal governments

IIJA (BIL) alone includes **\$50 billion** for water infrastructure via EPA

Emphasis on ensuring equitable benefits for disadvantaged communities

# TA Case Study: Climate Readiness & Flooding

## Water Infrastructure Challenge

- Localized stormwater flooding
- Increased frequency/intensity of precipitation
- Densely developed urban
  areas
- Lack of flexible, small scale/small \$ solutions

# TA Case Study: Climate Readiness & Flooding

## What EFC Assistance Looks Like

- Convene and coordinate local and state gov, utility, EPA
- Technical solution that's replicable and scalable
- Access to and help navigating funding/financing to implement

# **POSITION KNOWLEDGE INVENTORY**

## **TECHNICAL ASSISTANCE FOR WORKFORCE DEVELOPMENT**

### Problem

The struggle with permanently losing company knowledge from employee turnover and loss

#### Need

 Capturing intricate details of company knowledge and preventing any further loss

## Solution

 Retain organizational knowledge and expertise through use of a personalized Position Knowledge Inventory form

# Expanded Opportunities for EFC Water TA under BIL

HOW:

## WHAT:

 EFCs have an expanded mandate to bridge the gap between community water infrastructure needs and increased funding through the BIL

# Expanded Opportunities for EFC Water TA under BIL

## Partnerships & Engagement

- Community outreach
- Decision-maker & board education
- Water system
  partnerships
- Capacity building & training

## Planning & Assessment

- Climate resilience
  planning
- Workforce planning
- Asset management
- Other studies/ assessments

#### Project Development

- Identify/apply for pre-development funds for preliminary engineering
- Lead service line inventories
- Project design
- Environmental reviews

## Funding & Financing

- Rates & revenue analyses
- Financial planning
- Identify funding options
- Application support

#### Project & Construction Management

- Bid support
- Change order review
- Project inspection
- Domestic preference & Davis Bacon assistance
