

The Water Environment

Teacher/Public Outreach Training

Join the New England Water Environment Association

(NEWEA) for a Teacher Training (K-12) at the MWRA's Deer Island Wastewater Treatment Plant in Winthrop, MA this summer.

Participate in a treatment plant tour and activity. Learn about NEWEA classroom presentations. Engage in a hands-on Earth Echo Water Challenge workshop that you can repeat with your own students! You can even schedule a treatment plant tour for your class for the school year while you're there.

Lunch and professional development points provided.

Space is limited to the first 50 registrants. Register online at: <https://2025-teacher-public-outreach-training.events.newea.org/>

For more information, contact Kerry Reed at kreed@hopkintonma.gov or NEWEA office at 781-939-0908

When Thursday, August 14, 2025
9:30 am – 3:00 pm
