

OPERATIONS CHALLENGE FACILITY TOUR & TRAINING DAY

NEWEA
WORKING FOR WATER QUALITY

Friday, March 31, 2023 • Holyoke WPCF, 1 Berkshire St, Holyoke, MA

Take a tour of Holyoke Water Pollution Control Facility and learn about Operations Challenge events: Collection Systems, Process Control, Laboratory, Safety and Maintenance. This event includes a facility tour, classroom and hands on practical experience.

The Holyoke Water Pollution Control Facility is located in Holyoke, Massachusetts and serves about 40,000 residents. The City of Holyoke has partnered with Veolia to provide complete water cycle solutions. The facility treats an average daily flow of 7 MGD (peak flow of 37.5 MGD), 40 miles of sewer pipeline, 77 miles of combined sewerage and storm water pipelines, 13 permitted CSO outfalls and 3 major interceptors. The abatement facility was the first of its kind on the Connecticut River and received the Distinguished Infrastructure Award in 2010 to recognize one of the country's most innovative and effective public-private partnerships in the field of environmental services.

Ops Challenge Teams - Polish your skills for the 2023 Joint NEWEA/NYWEA Competition this Spring!
