

# 58<sup>th</sup> MANHATTAN COLLEGE

## Institute in Water Pollution Control

★ SPECIALTY COURSE ★

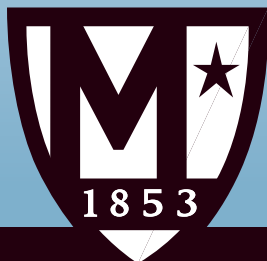

### Solids Handling and Anaerobic Digestion

Directors: Robert Sharp and Jeanette Brown

**May 23-26, 2016 | Up to 28 PDHs & WW Operator Credits**

#### TOPICS

- Sludge Thickening Theory and Optimization
- Dewatering Theory and Optimization
- Operation and Maintenance
- Anaerobic Digestion Process Control and Troubleshooting
- Co-Digestion and Biogas Optimization
- Plant-Wide Solids Mass Balance
- Chemical Addition and Handling
- Health and Safety
- Foaming and Struvite Control
- Biogas Utilization and Energy Use
- Odor Control Systems
- Whole Plant Impacts
- Side Stream Treatment Operations and Optimization
- Resource Recovery
- Case Studies
