

POO & BREW #30

Suffield WPCA

Suffield, Connecticut

A Young
Professionals
Networking
Event

JOIN YOUNG PROFESSIONALS IN THE WATER QUALITY INDUSTRY

The Suffield WPCA staff is responsible for operation and maintenance of the treatment facility, over 80 miles of sewer line, 19 pumping stations, and three low pressure sewer systems. The treatment facility is currently capable of processing 2.02 million gallons of wastewater per day. The plant provides wastewater treatment for H.P. Hood, the Correctional facility, and all other businesses and homes within the sewer district.

The plant operates under a National Pollutant Discharge Elimination System (NPDES) which provides parameters for the effluent discharged to the Connecticut River.

...and Luppoleto Brewing Company

Located in Windsor Locks, CT, Luppoleto's is 2.5 miles from Suffield WPCA and offers American beer with Italian Hospitality. Join us for networking in their taproom or biergarten (weather permitting).

Due to the rapidly changing COVID guidelines, precautions may change as we get closer to the event. Precautions may include vaccines, 48 hour negative test, and/or masks. Failure to observe any of NEWEA's health and safety protocols and/or to heed instructions given by NEWEA staff at the event may result in being removed from the event without a refund. Despite protocols, there is still an inherent risk of exposure to COVID-19 in any public place where people are present.

Thursday, April 7, 2022
