

# INDUSTRIAL WASTEWATER CONFERENCE & TOURS

Technical, Process and Regulatory Discussions with Chemical Feed Overview and Plant Tours

2024  
SPECIALTY  
CONFERENCE  
& WORKSHOP  
SERIES

December 10, 2024 • Allagash, 81 Industrial Way, Portland, ME 04103

**T** New England Water Environment Association (NEWEA) Industrial Wastewater committee is pleased to present a specialty conference with plant tours focusing on industrial pretreatment operations for brewery and laundry wastewater. There will be technical discussions pertaining to pretreatment, as well as integrated wastewater management, source control and chemical feed basics.

Industrial and Municipal wastewater operators, engineers and responsible professionals interested in industrial pretreatment planning and operations will benefit from attending this conference for insight, information, and experiences surrounding the challenges and opportunities of industrial wastewater treatment and reuse.

## Tour #1 – Industrial Pretreatment System:

UniFirst Industrial Laundry Pretreatment system.

## Tour #2 – Brewery Wastewater Pretreatment:

A tour through the brewery will highlight the brewhouse, cellars, brewing and wastewater treatment processes as well as a tasting.

---

This seminar is pending approval for 4.75 training contact hours (TCHs) for wastewater operators recertification and professional development hours (PDHs).

## SCHEDULE

TUESDAY, DECEMBER 10, 2024

- 8:00 am Facility Tour: UniFirst (optional)**  
Two tours will be offered at 8:15AM and 8:45AM
- 9:15 am** Registration w/Coffee & Donuts
- 9:50 am Welcome & Opening Remarks**  
• Scott Goodinson, NEWEA President  
• Matt Dickson, NEWEA, Chair, Industrial Wastewater Committee
- 10:00 am Industrial Wastewater: Source Control and the Importance of Collaboration between Industry and Municipalities for successful Integrated Water Management**  
• Michael Smith, Hazen & Sawyer
- 10:45 am Chemical Feed 101 – Overview of Systems Used in Pretreatment Applications**  
• Steve Moran, Ti-Sales
- 11:30 am** Lunch (provided)
- 12:30 pm A New Take on Brewery Wastewater Management, Including High Strength Byproduct Sidestreaming, and Opportunities for Improved Pretreatment Coordination**  
• Luke Truman and Sandlin Preecs, BetterBev
- 1:30 pm Overview of Allagash's Processes and Water Treatment System**  
• Seán Diffley, Allagash Engineering Director
- 2:15 pm Facility Tour: Allagash**
- 3:30 pm** Closing Remarks / Adjourn
